

HAVE YOU OR SOMEONE YOU KNOW BECOME A VICTIM OF TRAFFICKING?

**RUNAWAY AND MISSING CHILDREN ARE MORE LIKELY
TO BECOME VICTIMS OF TRAFFICKING.**

**Fresh Start Surgical Gifts can help victims
of trafficking with tattoo removal and
corrective surgery for scarring and abuse.**

Fresh Start is a nonprofit, with a mission to transform the lives of infants, children and teenagers through reconstructive surgery. Fresh Start doesn't just help those with congenital defects, but also gives new life to those who suffer from the physical trauma of abuse and human trafficking through specialized treatments.

**All services are provided at the Fresh Start Clinic at
Rady Children's Hospital in San Diego, CA**

Thanks to the support of Fresh Start's donors and fundraising efforts,
no child or family has to worry about the costs of travel
or treatment for surgery in order to start fresh.

For more information, please visit FreshStart.org or contact
Lupita Morales at lupita@freshstart.org or click here to apply for help.
